HEALTHWAY® AND SCENTAIR PARTNER TO PROVIDE CUSTOMERS WITH AN INDOOR AIR QUALITY EXPERIENCE

Combining the technologies from both HealthWay® and ScentAir, customers can now feel rewarded with fresh smelling, purified air.

Pulaski, NY – May 12, 2022 – HealthWay® and ScentAir have formed a partnership to provide customers with an indoor air quality experience. Combining HealthWay's industry-leading air purification technology with advanced fragrance technology that ScentAir has to offer, customers will now also, see the benefits of purified, clean air in the spaces they occupy.

HealthWay® uses their patented DFS technology to bring a solution for poor indoor air quality. This technology has been studied and proven to capture 99% of particles as small as 0.007 micron in size. This includes harmful viruses, mold, fungi, bacteria, and ultrafine particles.

ScentAir have been using their fragrance technology to provide spaces with fresh smelling air for over 20 years. Starting in Charlotte NC, they have since expanded their efforts across 119 countries, with corporate offices on 3 separate continents.

"If we've learned anything over the past few years, it's that what surrounds us matters. ScentAir has been the leader in creating memorable and enjoyable spaces that improves the experience for guests, employees, and occupants through scent. And going forward it just makes sense to partner with them to help further align world-class air purification together with a world-class experience." stated Christian Cobb, VP of Marketing at HealthWay®.

Together, HealthWay and ScentAir have created a new way for customers to experience indoors: through air quality and scent. Providing industry-leading air purification while simultaneously sharing and enjoying ambiance-setting fragrances. When purchasing both technologies, customers will no longer be buying products, but rather, buying an experience.

About HealthWay® Family of Brands

Located in Upstate NY, we're a team of experts and industry leaders reimagining the world as a better, safer place with innovative air purification solutions. From homes to commercial buildings, we proudly design and engineer scalable, efficient air cleaning solutions for any environment.
